

This form is required by the state for me to legally practice equine massage in Washington:

I, the undersigned, authorize Elizabeth Nicholson (graduate of the Northwest School of Animal Massage, Large Animal Massage Practitioner License #AM 60851104, license issue date 5/11/2018) to perform bodywork on my horse.

I am aware that, as a massage therapist, she is limited to providing massage solely for purposes of animal well-being, and may not diagnose, prognose, or treat diseases, deformities, defects, wounds, or injuries; adjust or manipulate any articulations of the animal's body or spine; perform acupuncture; or perform mechanical therapies that are restricted to the field of veterinary medicine.
